As a manufacturer

## CERTIFICATE No. 23/6514/00/0161

Has obtained EU TYPE EXAMINATION in compliance with what is set out in Annex V (module B) in Regulation (EU) 2016/425 and in agreement with the applicable test procedures and technical specifications

Destined to the eyes protection, according to the following standard/s:

EN 166:2001: "Personal eye-protection. Specifications":

- Optical class 1.
- Increased robustness (S).

Having achieved the performance requirements specified in conformity assessment report No. **2023EC0498UE** and the PPE's Technical Documentation.

Description of the PPE:

The eye protector consists of a single transparent lens that covers both eyes, which acts as a frame, and two temples in green colour. The lens has an enveloping curvature around the head and is neutral without dioptric prescription. The connection between lens and temples is made using a hinge system.

The materials that form the PPE, are described in the conformity assessment report n° **2023EC0498UE**.

It shall be the manufacturer's responsibility to provide specific information of this certificate and the tested levels of protection.

**Category II PPE**
